Premier of Ontario - Premier ministre de l'Ontario

October 2-3, 2026

**A MESSAGE FROM PREMIER DOUG FORD**

I'm delighted to welcome delegates to the 2026 Meat Industry Expo, an important gathering that celebrates the people, partnerships and innovations that make Ontario a thriving leader in agriculture and food processing.

Our agri-food industry is the largest in the country and a cornerstone of our province's prosperity generating billions of dollars in revenue and creating thousands of jobs. I'm confident that this expo will further cement our leadership and help build a stronger and more resilient sector.

Kudos to the amazing team at Meat & Poultry Ontario for organizing this event and to its partner, the Canadian Meat Council, for hosting its Technical Symposium, alongside the Expo.

Our government will continue to make strategic investments to help our meat processing industry grow, improve productivity and increase its competitive edge in global markets. The policies we implement today will help Ontario's food supply chain remain one of the strongest and most stable in the world, now and for future generations.

Please accept by best wishes for an impactful expo.

**Doug Ford**

Minister
of Agriculture and
Agri-Food

Ministre
de l'Agriculture et de
l'Agroalimentaire

Ottawa, Canada K1A 0C5

October 2-3, 2026 • A Message from the Honourable Heath MacDonald

On behalf of the Government of Canada, I am pleased to welcome visitors, exhibitors and other partners to the 2026 Meat Industry Expo.

Dedicated exclusively to the meat and poultry processing sector, the Expo serves as a world-class forum for innovation, collaboration and knowledge sharing. It brings together processors, suppliers, industry leaders and governments from across the country and highlights the strength and resilience of the agriculture and agri-food sector.

I am also pleased to see the continued partnership with the Canadian Meat Council through the Technical Symposium. By creating a space for dialogue on food safety, regulatory systems and innovation, your work helps ensure that Canada remains a global leader in producing safe, high-quality food.

Canada's meat-processing sector plays a critical role in supporting our economy, strengthening rural communities and ensuring food security for Canadians. Here in Ontario and across Canada, you are a core economic sector, driving more than $46 billion in manufacturing shipments, $10 billion in exports and hundreds of thousands of jobs.

As Minister, I am working hard to maintain competitiveness here at home and grow your markets around the world. Over the last decade, our government has made considerable progress in opening new markets and expanding access to new international opportunities. The future is bright for Canada's meat industry, as global demand for your high-quality protein increases.

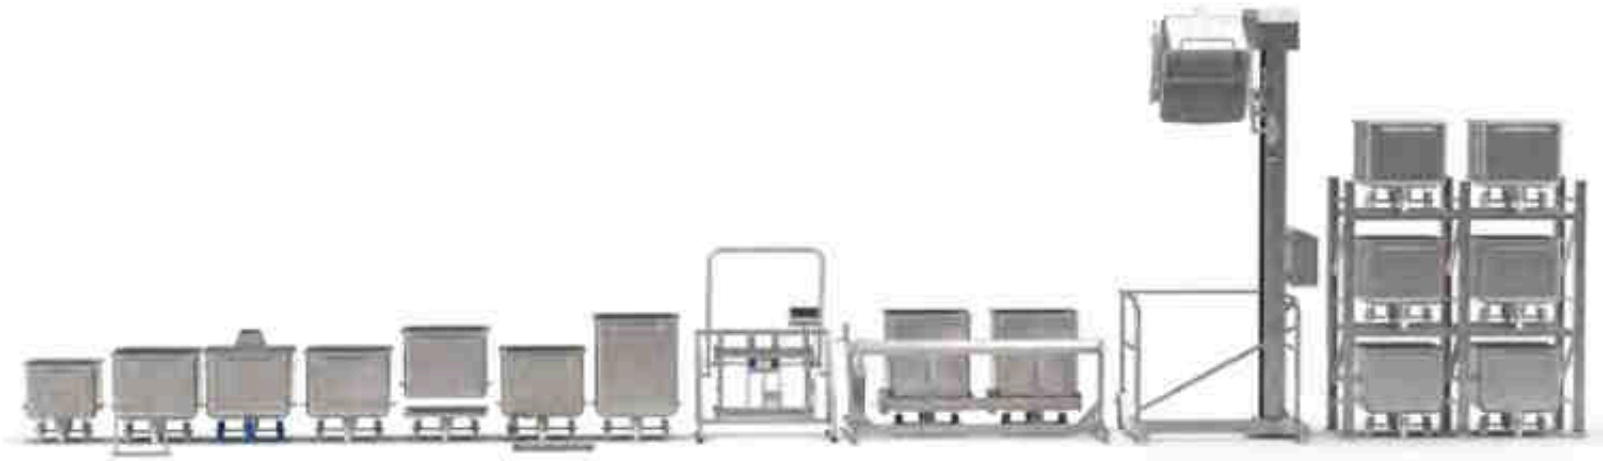

As a pillar of food security in Canada, you will be vital to the success of our country's first-ever National Food Security Strategy. Supported by $3.2 billion in federal investments over 10 years, the Strategy aims to strengthen our country's food self-sufficiency through a number of measures, including expanding processing capacity, creating jobs, strengthening supply chains and reducing regulatory burden. Up to $350 million will be delivered through the Strategic Response Fund to support industry projects that build new processing capacity, modernize facilities and strengthen critical support infrastructure. Additional funding will be delivered through regional partners to help businesses scale and grow, working towards long-term solutions that will improve access to affordable, nutritious food for all Canadians.

Whether you're exploring new technologies, exchanging insights or building lasting connections, I encourage everyone to take full advantage of the 2026 Meat Industry Expo. Only by working together can we strengthen competitiveness, drive growth and open new opportunities for trade and investment.

I wish you a successful and productive show.

The Honourable Heath MacDonald, P.C., M.P.

# A Message from the Honourable Trevor Jones

I am honoured to welcome the many processors, suppliers, regulators, and industry leaders from across Canada to the biennial Meat & Poultry (MPO) Ontario Meat Industry Expo.

Thank you to all the MPO staff and volunteers for organizing this event and for the work you do across the province, to strengthen and protect Ontario's meat processing sector. Your commitment to food safety excellence and entrepreneurship reflects the very best of Ontario agriculture.

By once again partnering with the Canadian Meat Council's Technical Symposium for this event, MPO is bringing the industry together to celebrate its successes, share time tested and emerging best practices and plan for the future. I sincerely hope that you find opportunities for new learning and new partnerships that expand economic growth while exploring the event over these two days.

Ontario's food supply chain is among the strongest and safest in the world, and our government is committed to supporting access to the high-quality food our province is known for. Through investments such as the $20 million Market Diversification and Trade Resiliency Initiative, we are helping producers and processors grow sales at home and abroad. We have also partnered with Quebec's Ministry of Agriculture, Fisheries and Food and the Canadian Food Inspection Agency on a pilot project to improve access to slaughter services for cattle producers in the Abitibi-Témiscamingue region. As we continue to invest in the people and businesses that feed our province, I would like to once again thank you for your contributions to strengthening Ontario and Canada's agri-food sector.

Please accept my best wishes for a successful event.

Sincerely,

Trevor Jones
Minister of Agriculture, Food and Agribusiness

# WELCOME to the 2026 MEAT INDUSTRY EXPO

On behalf of Meat & Poultry Ontario, it is my pleasure to welcome you to the 2026 Meat Industry Expo.

Every two years, this event brings our industry together to discover new ideas, explore innovative products and technologies, and connect with the people who help move the meat processing sector forward. This year, we are excited to welcome you to a new venue and an expanded show floor, creating even more opportunities to meet exhibitors, explore new solutions, and build valuable business relationships.

The Expo is more than a trade show. It is a place where conversations begin, ideas are exchanged, partnerships are strengthened, and our industry comes together. Whether you are looking for new equipment, exploring innovative solutions, meeting suppliers, or simply connecting with colleagues and friends, I hope you take full advantage of everything the Expo has to offer.

Thank you for being part of our industry and for your continued commitment to its growth and success.

Enjoy the Expo!

Gerhard Metzger
Chair

## FRIDAY, OCTOBER 2

**8AM – 5PM**

### CMC Technical Symposium

The International Centre – Hall 1

Meat & Poultry Ontario is proud to partner with the Canadian Meat Council (CMC) to host the CMC Technical Symposium at the biennial Meat Industry Expo, the only event of its kind in Canada. This year's Symposium theme is Securing Canada's Food Supply: Safety, Innovation and Resilience."
Keynote speaker: Frank Yiannas

CMC
CANADIAN MEAT COUNCIL
CONSEIL DES VIANDES DU CANADA

**10AM – 5PM**

### Tradeshow

The International Centre – Hall 1

The biennial Meat Industry Expo is the only event of its kind in Canada offering suppliers and business owners in the meat processing industry a chance to come together under one roof to connect and discover the latest innovations and solutions.

**7PM – 11PM**

### Meat & Mingle Cocktail Reception

The Westin Toronto Airport Hotel – Main Level Lounge

Attendees and exhibitors are invited to the Meat & Mingle – the Friday night social event, offering the opportunity to relax and socialize with peers. Sponsored by Handtmann Canada.

# EXPO SCHEDULE

## SATURDAY, OCTOBER 3

### 11AM – 12PM

**Ontario's Finest Butcher Competition**
The International Centre – Hall 1 (Main Stage)

The final round of this annual competition takes place right on the tradeshow floor Saturday morning, with the winner announced Saturday night at the MPO Awards Gala. Watch as three top Ontario butchers compete head-to-head for meat-cutting supremacy.

### 10AM – 4PM

**Tradeshow**
The International Centre – Hall 1

The biennial Meat Industry Expo is the only event of its kind in Canada offering suppliers and business owners in the meat processing industry a chance to come together under one roof to connect and discover the latest innovations and solutions.

### 6PM – 10PM

**MPO Awards Gala**
The Westin Toronto Airport Hotel – Sutton Hall & Foyer

The Expo culminates Saturday night as we roll out the red carpet and honour our members at the Awards Gala. The Meat Industry Achievement (MIA) Awards, Joe Abate Community Hero Award and Associate Member Recognition Award (AMRA) recipients, and 10-, 25-, and 40-year members will be recognized, followed by the winners of the Ontario's Finest Meat Competition, ending with the crowning of Ontario's Finest Butcher.

VC999 ROLLSTOCK LINEUP
GAMME DE PRODUITS EN ROULEAUX

For over 50 years, VC999 has been at the forefront of innovation in vacuum packaging, leading the way in cutting-edge technology and design.

*Depuis plus de 50 ans, VC999 est à la pointe de l'innovation dans le domaine de l'emballage sous vide, ouvrant la voie en matière de technologie et de conception de pointe.*

VC999.com 877-435-4555 Sales.Canada@VC999.com

# *The most reliable smokehouse ever constructed.*

## *It boasts speed, efficiency, immense power.*

- Innovative airflow design
- Automated humidity and temperature control with precise core temperature monitoring
- One degree increment intake/ exhaust flap control
- Versatile applications supporting drying, smoking, cooking, roasting, fermenting, and baking
- Automatic cleaning system
- Optional external cooling system
- Optional monitoring to PC

## *Custom drying/fermentation rooms.*

We specialize in custom manufacturing tailored to your exact specifications. Our user-friendly touchscreen microprocessor simplifies operation, making it efficient for users.

**Key features include:**

- Variable-speed, high-volume, low-velocity airflow to ensure optimal conditions at every stage of the process.
- Automated humidity and temperature control for enhanced precision Discover how our solutions can meet your specific needs.

CEO, Windmill Farms

FOOD & DRUG PACKAGING PLANTS AWARDS

**Canada's food & beverage leaders are gathering in Toronto on November 30** to celebrate the plants and people driving food and CPG manufacturing forward — through **automation, innovation and greater efficiency.**

## 15 award categories. One landmark evening!

Joining us...
**Premier Doug Ford**
**Trevor Jones, Ontario Minister of Agriculture, Food & Agribusiness**

Both will be on hand to spotlight the importance of investing in automation to strengthen Canada's food & beverage manufacturing industry.
